Subject: SB 1506 Transparency in government Please vote yes...this is a great bill and a thank you to Ginger McCall
Date: Tuesday, February 11, 2020 9:31:13 PM

To all on the Committee Chuck Riley, Fred Girod, Brian Boquist, Jeff Golden, Laurie Monnes:

This is a great bill and one I've waited for...for over 20 years. Thank you God.

As a former public disclosure coordinator up in Washington State with DSHS (and I blew the whistle as well) I saw over 20 year time how unelected failed gov't managers hid, not only hid but they destroyed records. Thank you to Ginger McCall, a woman of treat integrity.

Government cannot have integrity without the public records acts being complied with and enforced. Time for the hiding of public records to be over and done with.

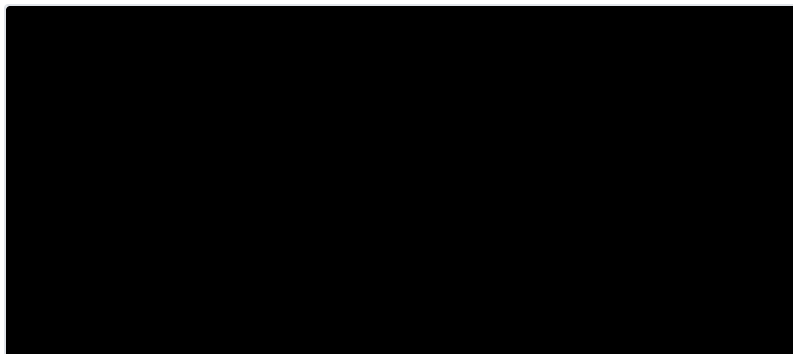

This doesn't need to go through the budget committee either.

Just a yes vote to the floor.

Thank you

Margo Logan, MSW
PCP
