

The Cap and Trade Bill will effect all Oregonians in an adverse way, no one will go untouched. Every industry and education will be affected. I don't believe anyone is against taking care of our environment, but this bill is not the solution. People are coming out to peacefully protest and their voices deserve to be heard. Do not push the bill through, listen to what the people have to say. Work for ALL people, look at the impact for ALL, listen to ALL. Thank you
