**To:** [SENR Exhibits](#)  
**Subject:** Senate committee on environmental and natural resources or SB1530  
**Date:** Sunday, February 9, 2020 9:03:03 AM

---

This bill should be killed. If any bill affects you financially, or your taxes are being raised to pay for something, you should be able to vote on it, that is called democracy. This emergency clause is fundamentally wrong and actually, in my opinion reprehensible. Send it to the people to vote on. This is a tax, nothing more or less!

Sincerely, Darcie Stone
