Dear Chair Dembrow and Members of the Committee,

I'm writing to express my strong support as an Oregonian for SB 1530. I strongly believe that a cap-and-trade system for greenhouse gas emissions will be an effective and sound way to reduce our state's impact on climate change. Most importantly, I believe that us passing this bill will be an important example and precedent for other states to follow suit. The passage of this bill would provide a template for other states to follow.

Please don't delay passing SB 1530 this session.

Best,

Amber Lin
