# URGENT!

## Pass Strong Climate Legislation in 2020!

Dear Fellow Rural Oregonian,

We have a chance, right now to stand together, demand change in how we power our lives, and make Oregon one of the leading states in our nation in the fight against climate change. We can pass strong climate legislation this year and take the first step in securing a future for our children, free of the worst impacts of climate change.

To do that, we have to take back the rural voice from "Timber Unity" and call on our elected officials to do their jobs. The Republicans in the Senate have to stay in Salem and not run away this year.

Click the button below, fill out the letter to Minority Leader Herman Baertschiger, and let him know that rural Oregon is counting on him to keep his caucus in the building and do their jobs.

**TAKE ACTION!**

ROCPAC will be delivering your messages and will be in person, representing rural Oregon in Salem!

Thanks for your support!

Sincerely,

Hogan M. Sherrow, Ph.D.  
Director
