BACKGROUND:

House Bill 2687 (2017) established the Resiliency Grant Fund by Article XI-Q bonds up to \$5 million. The goal was to enable the purchase and distribution of emergency preparedness equipment throughout the state by local governments, special government bodies, private non-profits, and tribal governments (eligible since 2019). The program received 293 applications. Equipment was awarded to 27 counties and 2 tribal nations. Current funding is expected to cover 79 "Priority 1" projects including: generators, water purification trailers, high-axle rescue vehicle, water rescue vehicles, mass casualty support trailers, and fuel transport vehicles.

House Bill 4144 directs the Homeland Security Council to update the list of equipment eligible for purchase through the grant program. Additionally, the bill permits the State Treasurer to issue Article XI-Q bonds up to \$5 million to be deposited into the Resiliency Grant Fund.
