To: Honorable Fred Girod and Honorable Paul Holvey, Co-Chairs
Members, Joint Committee on Ways and Means, Subcommittee on Capital Construction

Re: Adding Capital Funding for PSU's Vernier Science Center to HB 5201

02/13/2020

Dear Subcommittee Members,

As a Portland State University Alumni Association Board Member, I am writing to express my support for the renovation and modernization of PSU's undergraduate science building.

As a double alum, first-generation college student, I understand the value of having a learning environment that not only promotes learning, but also encourage creativity and innovation. We need to provide our students with a world-class environment and facility to prepare them for the future. It is crucial to their success to enable them with all the opportunities and tools to be competitive in the modern economy and future workforce

The Vernier Science Center is a place where students can come together to learn, collaborate, and innovate.

Thank you for your commitment and service to our students.

Sincerely,

Khang Tran
