

Dear Chairman Holvey and Members of the Committee

Thank you for your work on the House Committee on Rules. Your role is critical in protecting our children and grandchildren's future and livelihood from the disastrous effects of climate change through global warming. This is a time to move beyond Partisanship and unite to protect all Oregonians

As a resident of beautiful rural Southern Oregon, I see the increasing destruction of our forests, fisheries, agriculture and natural biological systems and the impact on health and economic opportunity.

I urge you to support the enactment of a strong Climate Action Bill HB4167 to severely reduce Greenhouse Gas Emissions and provide investment to support Rural communities that are negatively impacted by legislation.

Sincerely,

David Bekermeier
