

Dear Committee Members,

I would like you to Oppose HB4167. For all the reasons you are hearing from others applies fully to our family. We just purchased a new riding lawn mower and had to pay \$15.60 in "state tax". Since when did Oregon have a state tax? When I inquired about this it turns out it is actually the company charging it forward for the Student Success Act. This Bill will add more taxation to Oregonians. Please vote NO.

Thank you,

Tina H
