

Dear representatives,

We are in a climate emergency. Every day we delay, we deny our kids a livable future. Please don't allow big polluters and their Republican allies are trying to delay or stop the process by sharing falsehoods about a lack of public process and demanding more and more amendments to weaken the bill. It is time to pass the bill after five years of work and multiple committee reviews and thousands of pages of testimony. This is a well crafted bill. Let's finish the work.

Sincerely,

Steve Rhine and Toby Abraham-Rhine
