**EFFECT OF AMENDMENT:**

No amendment.

**BACKGROUND:**

Under current Oregon law, a person seeking to fish or harvest shellfish must purchase applicable licenses, tags, and permits. Uniformed service members, disabled veterans, youth, and seniors are all eligible for free or reduced licenses. Additionally, hospitals or homes run by the veteran's administration may apply for up to 30 angling and shellfish harvesting licenses for patients or residents per year. However, nonprofits and other organizations wanting to take groups or individuals fishing or shellfish harvesting must purchase the proper licenses, tag, or permit for each individual.

Senate Bill 1543-A would create a free group fishing and shellfish harvesting license that is available to nonprofit organizations, homes, and hospitals serving veterans and certain active duty personnel.
