

We the people of Oregon, not just rural Oregon want to see a stop to all of this Madness! Please set a good example for how Government should be ran! No more shenanigans PLEASE! It's time to stop Cap and Trade and come together as a State, all of this that's going on will only hurt us! And Tillamook County thanks all of you who are standing with us against these bills! We support you and thank you for doing your job well!

Sincerely,

Sandy Kottre
