

Dear Chair Holvey, Vice Chair Drazan, Vice Chair Warner, and House committee on Rules,

Contacting you today to ask that you please vote NO on HB4005 – the lock up gun bill. This bill overturns my second amendment rights, “A well-regulated Militia, being necessary to the security of a free state, the right of the people to keep and bear Arms, shall not be infringed.”

This bill most definitely infringes on my right. Please protect my rights to ensure me that I can protect my family.

Thank you

Avery Toran
