

Dear Chair Holvey, Vice Chair Drazan, Vice Chair Warner, and House committee on Rules,

Contacting you today asking you all again to please vote NO on HB4167. Heavy taxation and punishment by fines is not the best route to reduce carbon emissions in Oregon. This bill will surely hurt many Oregonians in ALL parts of the state. All these taxes filter down to consumers with no regard for low income or people on fixed income that will be hit the hardest.

Many, many alternative routes have been proposed to reduce emissions that will not severely affect the Oregon economy. With current regulations, advances have already made a big difference, as emission levels are down 28% since 1990!

Please consider these issues when you cast your vote, Thank you,
