Dear Chair Holvey, Vice Chair Drazan, Vice Chair Warner, House Committee on Rules,

Contacting you today to ask that you please vote NO on HB4005- the lock up gun bill.

This bill overturns my 2nd amendment- "A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed."

This bill must definitely infringes my rights. How does one suppose I protect my family if my gun is locked up? Please protect my rights and insure me that I can protect my family.

A personal scenario takes me back to when my sisters house was about to be robbed, they were home, but the robbers thought they were gone. It was nighttime, the robbers cut their power and were trying to get into their daughters room window in the basement where she was sleeping. My sister and brother in law noticed their power was out, also the robbers knocked on their door. My sister called the police and the Gervais police got there, they waited at the end of the long driveway and said they needed to wait for the marion county police to arrive since they were in county lines. The Gervais police told their arm themselves until the county police get there. Good thing nothing happened to them, but what if the robbers got in and they had no guns to protect their family? Pretty scary, huh?
