

Testimony regarding Gun Control and Socialism HB4005 A 2/21/20

My name is Manuel Martinez, aka Manny Martinez. I reside in the City of Keizer, State of Oregon. I oppose this Bill for the same reasons and manners I did to similar Bills in the past.

This bill same as others include restrictions and prohibitions, which do not belong in a free society. Our Nation is capitalist, it is not Socialist neither other Marxist equivalent. The reason for this regulation is not safety; it is too slowly introduce Socialism. These bills are a disgrace, glorifying gun control, a normal procedure for the putridity you advocating for.

This Bill similar to others does not protect law abiding citizens, even less a Free Society. They only protect criminals, tyrants and tyrannical governments. It is an insult to our Nation and assault to Freedom; law abiding citizen would be considering outlaws. Meanwhile criminals would freely ambulate. **The majority of you have no idea of what Freedom is.**

This Legislation is an attack to our Constitution 2nd Amendment, the one protecting our individuals Rights, not limited to Freedom, self defense, private property and or family.

Socialists wanting create a “New Class” of elite, by establishing a totalitarian tyrannical Society, called Socialism or any other similar; immersing us into vassalage by eliminating our Rights and making us marionettes of a subjugate government.

I have been thru all chapters of an existing Marxist society, the kind you describe hypocritical as “Democracy”. The interpretation of it, accordance by your standards is nothing more than a modernistic execution of ABSOLUTE CONTROL over humanity, the shameful behavior once in the past called slavery; utilize by characters with an obsess of grandiosity and power. These are a reminiscence of the past by the present Marxism harmful philosophy, adopted by the DNC as the new “Socialist Party.”

“Freedom is a priceless jewel, once lost would require an unparallel amount of martyrdom to seek its return; leaving behind a trail of blood from those defending Freedom.”
