

Dear Chair Holvey, Vice Chair Drazan, Vice Chair Warner and House Committee on Rules,

I am writing to you today, pleading with you to please vote NO on HB4167. Heavy Taxation and punishment by payment is not the best route to reduce carbon emissions on Oregon. Many other alternatives routes have been proposed to reduce emission that will not severely affect the Oregon Economy. With current regulations, advances have already made a big difference, as emission levels are down 28% since 1990!

Please consider these issues when casting your vote,

Thank you,

Elena Masaligin
