

Please support the passage of 4075A to ban the contests of coyote killing. This horrendous practice gives a bad name to Oregon, to hunters, and to any person with common sense. Why should private citizens have a right to kill OUR animals for fun!!! Taxpayers end up supporting this government-sanctioned activity. Support #4057A Deanna Kuhn, Eugene, Oregon.

*"Until one has loved an animal, a part of one's soul remains unawakened." Anatole France*
