

As a resident of Washington County for almost 40 years, I love the wild spaces still around us in Oregon. I'm not a hiker or a hunter or farmer. I simply want to allow wildlife to continue to survive.

PLEASE move forward HB4075A to end coyote-killing contests.

A blood-thirsty so-called "contest" does NOT benefit this Oregonian. It is wanton and unethical cruelty.

This type of "contest" is held by a few who do not seem to share most Oregonians' broader positive values. There is NOT public support for such contests.

Again, please move HB4075A forward and end coyote-killing contests.

Thank you.

Marcia Petty, Portland OR
