

Dear Chair Senator Burdick, Vice-Chair Senator Baertschiger Jr, and members of the Committee;

Current events show precisely why Oregon needs to keep the quorum requirements as is. Without such the majority political party would be running rough-shod over the voters of Oregon.

It's fortunate legislation such as SB1530, HB4159, HB4167, HB4173 - all which carry an "emergency clause" does indeed require the quorum as currently defined in our Constitution.
