BACKGROUND:

Oregon veterans comprise eight percent of the state's total population, but represent 12 percent of the state's chronically homeless population. Senate Bill 1553 (2014) directed the Long Term Care Ombudsman, in consultation with the Resident Facilities Advisory Committee, to appoint an Oregon Public Guardian and Conservator to provide services to persons claiming to be without relatives or friends willing or able to serve as guardians or conservators and claiming to lack financial resources to obtain a private guardian or conservator.

House Bill 4085-A creates three positions within the Office of Long Term Care Ombudsman to support the Oregon Public Guardian and Conservator to provide services exclusively to veterans.
