Chair Alonso León and Members of the Joint Task Force On Student Success for Underrepresented Students in Higher Education:

My name is Bradford Rice and I live in **Little Rock Arkansas**. As a former student I am writing to ask that you support and fund programs for historically underrepresented student groups. While not a member of one of these groups, I believe they need greater support in their educational, emotional and spiritual growth while attending the University of Oregon. Far too many of these students are falling through the cracks and are not able to complete the goals that brought them to the university. As university, a state and a people, we are obligated to meet the needs of all student groups and ensure no one is left out. Thank you for the opportunity to share.
