Revenue Impact: May have revenue impact, but no statement issued

ISSUES DISCUSSED:

EFFECT OF AMENDMENT:

-1 Specifies date of Proposed and Final Order of the Higher Education Coordinating Commission as November 12, 2020.

BACKGROUND:

The Higher Education Coordinating Commission (HECC) is responsible for conducting the process of changing community college district boundaries and recommending changes to Legislature. In January 2019, HECC received a request to add a portion of unincorporated rural territory to the boundaries of Lane Community College Service District. HECC held public hearings in the affected area and received approval from the Board of Lane Community College. A vote by the Commissioners approving the boundary change occurred on November 12, 2020. HECC's decision to change the district boundary is not finalized unless approved by the Legislative Assembly.

HECC reports that residents of the area being added to the Lane Community College Service District boundaries will be able to vote in elections for the Board of Lane Community College, and that the change is not made solely to benefit the property taxes of the residents of the affected area; nor will it have a substantial adverse effect on the ability of the community college district to levy property taxes.

House Bill 2091 approves the Proposed and Final Order of the Higher Education Coordinating Commission that modifies the boundaries of Lane Community College Service District.
