No amendment.

##### **BACKGROUND:**

More than 95 percent of employers in Oregon employ fewer than 50 workers, which represents nearly 40 percent of the workforce in Oregon. House Bill 2301 requires the State Treasurer to implement a small business support loan program targeted at assisting those small businesses that are directly impacted by a statewide or regional emergency or disruption. The program is funded by the issuance of bonds. The measure provides for alternative recourses to foreclosure for those businesses participating in the program.
