Date: February 23, 2021

Measure Description:

Directs Oregon Criminal Justice Commission to establish statewide database of reports of use of physical force by peace officers and corrections officers.

Government Unit(s) Affected:

Criminal Justice Commission (CJC), Department of Public Safety Standards and Training (DPSST), Department of Corrections (DOC), Oregon State Police (OSP)

Summary of Fiscal Impact:

Costs related to the measure may require budgetary action - See analysis.

Summary of Expenditure Impact:

See analysis.

Analysis:

House Bill 2932 directs the Oregon Criminal Justice Commission to establish a statewide database of reports of use of physical force by police officers and corrections officers. This measure requires law enforcement agencies to report on the circumstances and individuals involved when an officer uses any type of force or threatens to use physical force. Affected law enforcement agencies would be required to forward their reports to the Oregon Criminal Justice Commission (CJC).

Currently, law enforcement agencies are required to report cases involving the use of deadly physical force by law enforcement but are not required to report on threats of physical force.

The -3 amendment requires law enforcement unit to report an instance of use of physical force or a threat of physical force to the CJC within 72 hours of the event.

Oregon State Police

OSP reports an indeterminate fiscal impact from this measure. The cost to OSP will depend on how "threat" is defined.

Criminal Justice Commission

CJC believes that it can use the existing information technology infrastructure that supports the Statistical Transparency of Policing (STOP) project, however the changes called for in HB 2932-3 will require a new "use of force" web interface, estimated to cost around \$200,000. CJC will be able to absorb some of the technical and operational aspects of House Bill 2932-3 but additional staff will be necessary for the ongoing data collection and tracking called for in the bill. The CJC estimates a fiscal impact of \$604,823 (including the one-time \$200,000 database cost) and 2.00 FTE, one Operations and Policy Analyst and one Research Analyst. For the 2023-2025 biennium, CJC estimates a fiscal impact of \$424,634 and 2.00 FTE (one Operations and Policy Analyst and one Research Analyst.)

Department of Corrections

In order to track and report instances of use of force and threats of use of force, DOC estimates that it would need to establish one new Correctional Captain position under House Bill 2932 with the -3 amendment. DOC estimates this position will have a fiscal impact of \$260,574 in the 2021-2023 Biennium and \$271,397 in the 2023-2025 Biennium.

Department of Public Safety Standards and Training

DPSST does not anticipate a fiscal impact from House Bill 2932-3. The requirement that DPSST be included in investigations in situations where applicable will not have a fiscal impact on the agency.
