**EFFECT OF AMENDMENT:**

No amendment.

**BACKGROUND:**

In January 2018, the Chinese government banned the import of certain plastic and paper grades and set tighter contamination standards for paper. The loss of China's markets disrupted recycling systems worldwide. In Oregon, communities had to make changes to their recycling collection programs, which included: increased customer rates, suspending recycling, or removing items from programs. In some cases, materials that were collected for recycling were disposed.

In May 2018, the Department of Environmental Quality (DEQ) formed the Recycling Steering Committee (RSC) with the intention of working with stakeholders to modernize Oregon's recycling systems. The RSC met from May of 2018 through September 2020.

Senate Bill 581 prohibits the sale of products that make deceptive or misleading claims about recyclability and imposes civil penalty of up to \$25,000 per day of violation of prohibition.
