

SB 482 STAFF MEASURE SUMMARY

Senate Committee On Finance and Revenue

Prepared By: Kaitlyn Harger, Economist

Meeting Dates: 3/8

WHAT THE MEASURE DOES:

Requires taxpayers add to federal taxable income 19.6% of the investment services partnership income that is treated as net capital gain on their federal return and taxed as provided in IRC section 1(h)(1). Applies to tax years beginning on or after January 1, 2022. Takes effect on the 91st day following adjournment sine die.

ISSUES DISCUSSED:

EFFECT OF AMENDMENT:

No amendment.

BACKGROUND:

The intent of the bill is to recuperate the federal tax treatment given to this type of income, often known as carried interest. This income of professional investors is compensation for professional investment services. This type of income is treated as capital gains income at the federal level and opponents of the federal policy argue that the income should be taxed as labor income.
