BACKGROUND:

Several years ago, the Oregon Department of Veterans Affairs (ODVA) conducted a review of Oregon statutes for the purpose of standardizing multiple definitions of "veteran" in favor of a single, uniform definition.

House Bill 2094 allows OHCS to define "veteran" via rulemaking, specific to programs it administers. The measure also allows OHCS' director to delegate signing housing finance bonds and clarifies OHCS' authority to approve or disqualify housing sponsors.
