No amendment.

BACKGROUND:

The State Fish and Wildlife Commission is authorized to issue to persons desiring to angle for fish or take shellfish, licenses and tags upon payment of applicable fees as required under the fee schedule in ORS 497.061. The Oregon Department of Fish and Wildlife has identified as part of recruiting, retaining, and reactivating anglers and hunters that it would be useful to be able to offer discounted licenses or special cost incentives to encourage participation.

House Bill 2067 would allow the State Fish and Wildlife Commission to charge fees for hunting, angling, and shellfish licenses, tags, and permits that are less than the amount established in the statutory fee schedule, and would make certain changes to angling and shellfish licenses.
