HB 5041 adjusts six-year capital construction expenditure limitation established in the 2019-21 biennium for the planning, design, and construction of projects with costs over \$1 million.

The bill, as amended, increases Federal Funds capital construction expenditure limitation by \$15.7 million in the Oregon Military Department for construction of barracks facilities at Camp Umatilla. Capital construction expenditure limitation was originally established to construct two barracks facilities and is increased to accommodate additional funding from the National Guard Bureau for construction of a third barracks.

The Capital Construction Subcommittee recommends HB 5041 be amended by the –1 amendment and be reported out do pass, as amended.
