## **Senate Bill 1 – Child Welfare Investments**

SB 1 (2019) Investments	General Fund (GF)	Remaining GF
Non-Medicaid In-Home Services	\$4 m	(\$4 m)*
Behavioral Health Treatment Foster Care	\$3.5 m	\$3.5 m **

\* The \$4 million (General Fund) special purpose appropriation allocated to provide non-Medicaid in-home services was swept during the August 2020 Special Session to be reallocated due to the anticipated state revenue shortfall caused by the COVID-19 pandemic.

\*\* Though \$3.5 million (General Fund) was allocated in the 19-21 biennium, \$1.5 million will be used and the remaining \$2.0 million will be adjusted in rebalance.

### **Behavioral Health Treatment Foster Care Structure**

- Behavioral Health Treatment Foster Care combines Behavioral Rehabilitation Services (BRS) with Intensive In-Home Behavioral Health Treatment (IIBHT)
- These combined services are provided in a BRS
   Proctor Foster family placement
- Services provided are utilizing an evidence-based or promising practice model.

## **Behavioral Health Treatment Foster Care Contracts**

- GOBHI will act as the lead agency and will sub-contract with six partner agencies to implement different service models of Treatment Foster Care utilizing a collective impact model.
- All seven agencies will collaborate and will use the same process to track and report outcomes.
- Participating agencies will use three different evidence-based or promising practices, including:
  - Collaborative Problem Solving (CPS
  - Treatment Foster Care Oregon (TFC-O)
  - Attachment Self-Regulation and Competency (ARC)

## **Behavioral Health Treatment Foster Care Next Steps**

- Contract with GOBHI is for 18 months
- Child Welfare will convene a workgroup that includes: OHA, OYA, partner agencies and youth representatives to:
  - Analyze outcomes and data
  - Determine which services lead to the most impactful outcomes
  - Make recommendations on treatment structure
  - Implement policy and administrative rules changes to support the program
  - Assist in establishing sustainable rate structures

# **Host Homes and Expanded Group Home Capacity**

- Host Homes
  - Children's Services Advisory Group recommendation
  - Fills a critical gap in the continuum of supports for children who:
    - Need more support than traditional foster care
    - Are ready to transition from a residential placement
  - Family homes, with additional services provided by agencies
  - Originally funded for 140 youth with one ODDS staff person
- Group Home capacity expansion
  - Group Homes funded to serve 12 additional youth
- COVID significantly impacted implementation

# **Host Homes and Expanded Group Home Capacity**

- Host Homes
  - Funding reduced to 30 homes, following \$3.7 million reduction in August 2020 Special Session
  - Staff person was hired and is actively working with Community Developmental Disabilities Programs to engage providers to develop the homes and supports
  - 5 homes are licensed, first placements happened in April
- Group Homes
  - Increased capacity overall

#### COVID impacts

- Agencies had reported increased direct support professional wages and decreased staff turnover due to new provider rates, dipped during COVID but is getting back on track
- Agencies continue to struggle with staffing and have been unable to expand as quickly as anticipated
