BACKGROUND:

In 2019 the Legislative Assembly enacted Senate Bill 155 to impose new obligations on the Department of Human Services (DHS), the Teacher Standards and Practices Commission (TSPC), and the Oregon Department of Education (ODE) with respect to investigations of suspected child abuse or sexual conduct in educational settings.

Senate Bill 51 A clarifies provisions of the earlier legislation primarily concerned with streamlining notifications, eliminating duplication, refining confidentiality provisions, and specifying retention of ODE records for 25 years, in cases of suspected sexual conduct or child abuse in educational settings.
