No amendment.

BACKGROUND:

The Oregon State Board of Nursing (OSBN) regulates the practice of nursing in the state, including evaluation and approval of nursing education programs, issuance of licenses and renewals, and investigation of complaints and discipline of violations. OSBN licenses and certifies seven different nursing occupations: registered nurses (RN), licensed practical nurses (LPN), clinical nurse specialists (CNS), certified registered nurse anesthetists (CRNA), nurse practitioners, certified nursing assistants (CNA), and certified medication aides (CMA). In 2020, OSBN had over 99,000 licensees.

Senate Bill 39 A modifies provisions in the Oregon Nurse Practice Act, including updating the definition of "practice of nursing" and clarifying renewal deadlines.
