

## HB 2551 A STAFF MEASURE SUMMARY

### House Committee On Revenue

---

**Prepared By:** Kyle Easton, Economist

**Sub-Referral To:** Joint Committee On Ways and Means

**Meeting Dates:** 4/29

---

#### WHAT THE MEASURE DOES:

Extends sunset, from January 1, 2022 to January 1, 2028, of tax year in which tax credit for donations made to a fiduciary organization for distribution to individual development accounts is available. Allows credit to be claimed for a donation made not later than April 15 following December 31 of the tax year for which the credit is allowed. Requires donations to be made prior to April 15, 2028. Makes programmatic changes to Individual Development Account program including changes to definition of net worth, modification of account holder's withdrawals due to financial hardship, and increase in maximum annual matching funds accrued for account holders.

#### ISSUES DISCUSSED:

#### EFFECT OF AMENDMENT:

No amendment.

#### BACKGROUND:

Individuals or businesses donating to the state-selected fiduciary agency (currently the Neighborhood Partnership Fund) for individual development accounts (IDAs) are allowed a tax credit equal to a percentage of the amount donated. The credit percentage is determined by the fiduciary agency but may not exceed 90 percent of the amount donated. The total credits allowed to all taxpayers in any tax year are limited to \$7.5 million and the credit is set to sunset on January 1, 2022. The purpose of the credit is predominately to function as a funding source for the IDA program.

The Oregon IDA program was created in 1999 and is overseen by the Oregon Housing and Community Services Department (OHCS). While OHCS oversees the program, Neighborhood Partnerships is the fiduciary organization that manages the program and further partners with other nonprofit organizations to execute the IDA program. The IDA program is in essence a matched savings program available to lower income households of modest wealth. Participants establish IDA accounts and contribute savings of their own to be used for allowed specified purposes. Primary uses of IDA savings include: home purchase, education, microenterprise, and vehicle purchase. Program participants receive financial education, financial counseling, and training crafted to their specific goals. Once a participant's specific goals for the program have been met, they are considered 'graduates'. Upon completion of their savings goals and other requirements, the participant's savings are matched according to a formula established by the fiduciary organization. Tax credit associated contributions to Neighborhood Partnerships provides the primary funding source for matching participant savings.
