BACKGROUND:

According to the Office of Student Access and Completion website, the purpose of the Oregon National Guard State Assistance Program is to provide funding for undergraduate tuition, at in-state residency rates at eligible Oregon post-secondary institutions for current Oregon National Guard Members. The program was established in 2017 and has issued roughly \$1.1 million in assistance to 679 service members of the Oregon National Guard.

Senate Bill 101 A modifies the eligibility requirements and grant amounts for educational grants to members of the Oregon National Guard. The measure also allows the Higher Education Coordinating Commission to modify eligibility requirements or decrease grant amounts based on the availability of funding.
