EFFECT OF AMENDMENT:

No amendment.

BACKGROUND:

The Oregon State Bar was established in 1935 to license and discipline lawyers, regulate the practice of law, and provide services to bar members and the public. The organization lists over 14,000 individuals admitted to practice law in Oregon. Various sections of the Bar propose specific changes to their practice areas.

Senate Bill 182 A is proposed on behalf of the Estate Planning and Administration Section of the Bar. It specifies that the petition for a dissolution, separation, or annulment restrains the other party from acting under authority of a power of attorney, health care representative under an advance directive, or attorney-in-fact under a declaration for mental health treatment and revokes authority under those documents when the dissolution or annulment is complete. The measure clarifies liability protection for spouses when property is held in certain trusts. SB 182 A also specifies particular provisions on the process an attorney must use when destroying wills.
