

Emergency Management Update

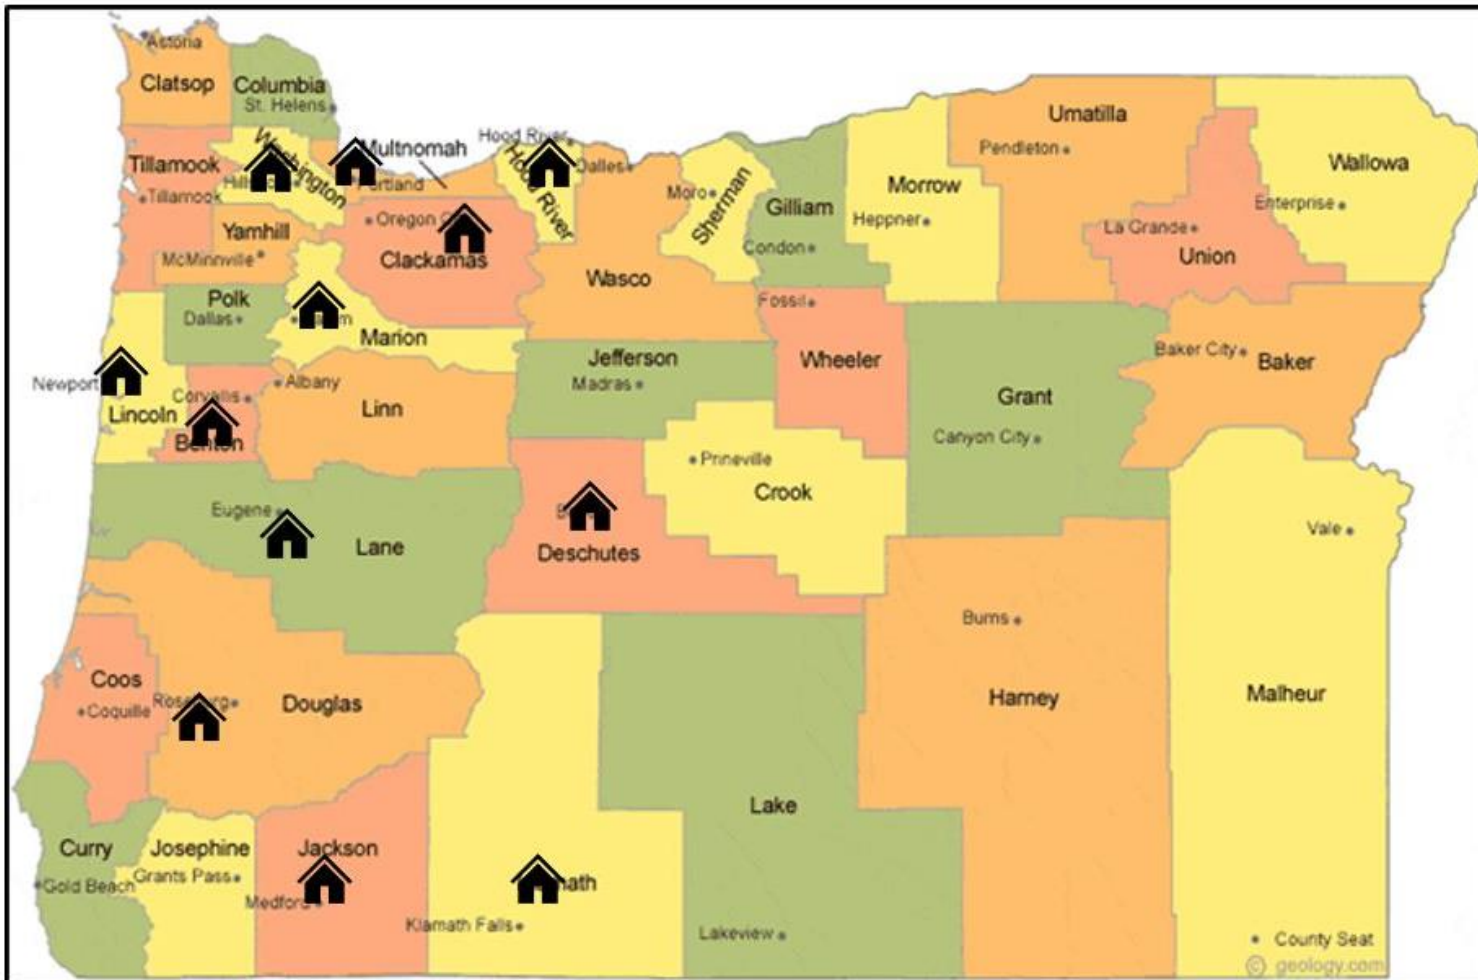

House Special Committee on Wildfire Recovery
May 7, 2021

Ed Flick, Emergency Management Director

Current Events

- **Shelter liaisons:** 8 Shelter Liaisons are operational in the affected counties.
- **Shelter transitions:** Transition from commercial hotels to Fortify and Turnkey properties underway.
- **Disaster Case Management program**
 - Disaster Case Management request for proposal closed. Application review and negotiations initiated.
 - ODHS-hired surge Disaster Case Manager (DCMs) hiring and training is progressing.
 - Jackson County: 3 of 4 ODHS DCMs are trained and working.
 - Clackamas, Jackson, Lane and Lincoln counties: Hiring process being finalized for 6 additional DCMs. Training new staff to begin within two weeks.
 - Marion County DCM interviews scheduled.
 - 21 local case managers have been given access to the Vision Link case management system for the wildfire affected counties. This allows local organizations to initiate data input of past, current and future work with survivor families rendering a more complete picture of disaster survivors.
- **Outreach and wrap around services**
 - 4 applications from community-based organizations (CBOs) to provide outreach and wraparound services have been received and processed.

State Sheltering Snapshot
