No amendment.

BACKGROUND:

Currently, implied consent hearings are conducted by telephone or other electronic communication, unless a person or police officer requests that the hearing be conducted in person. In addition, unless there is an agreement between the person and the Oregon Department of Transportation (ODOT) that the hearing be held elsewhere, the hearing must be held either in the county where the alleged offense occurred or within 100 miles of where the alleged offense occurred, as determined by ODOT in rule.

House Bill 3176 A allows the chief administrative law judge to require an implied consent hearing be conducted by telephone or other electronic communication when the judge determines that an in-person hearing would pose a significant risk to health or safety.
