BACKGROUND:

The Eastern Oregon Border Economic Development Region (Region) was established through legislation enacted in 2017 (House Bill 2012) to allow the associated Board to make grants and loans supporting economic and workforce development in the Region. The Region is comprised of the area within 20 miles of the border with Idaho that includes Ontario, Vale, and Nyssa; an area across the border from Weiser, Idaho; Brogan and Willow Creek; and an area southwest of Vale for a distance of ten miles.

House Bill 2026 A requires public employers to give preference to residents of the Region when hiring or promoting for a civil position when the majority of the work will be performed within the Region.
