

# Climate-Mitigating Agricultural Practices

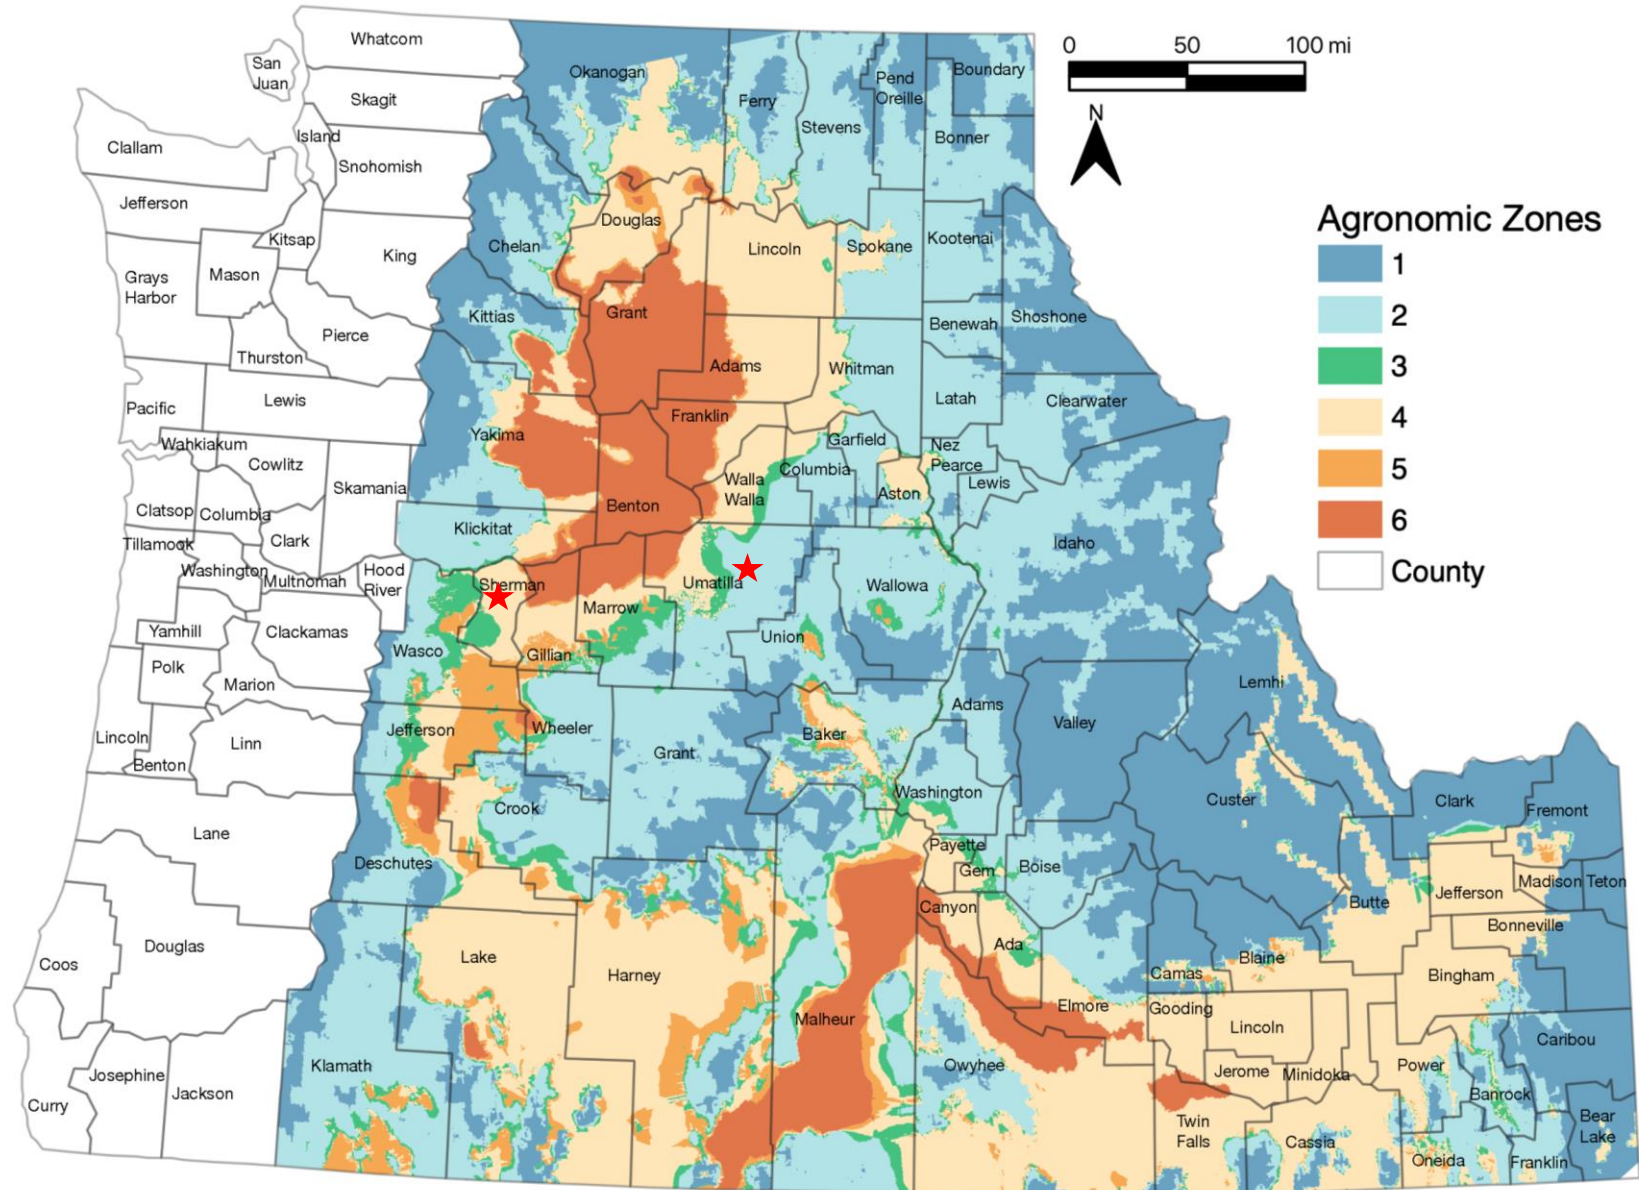

House Committee On Energy and Environment

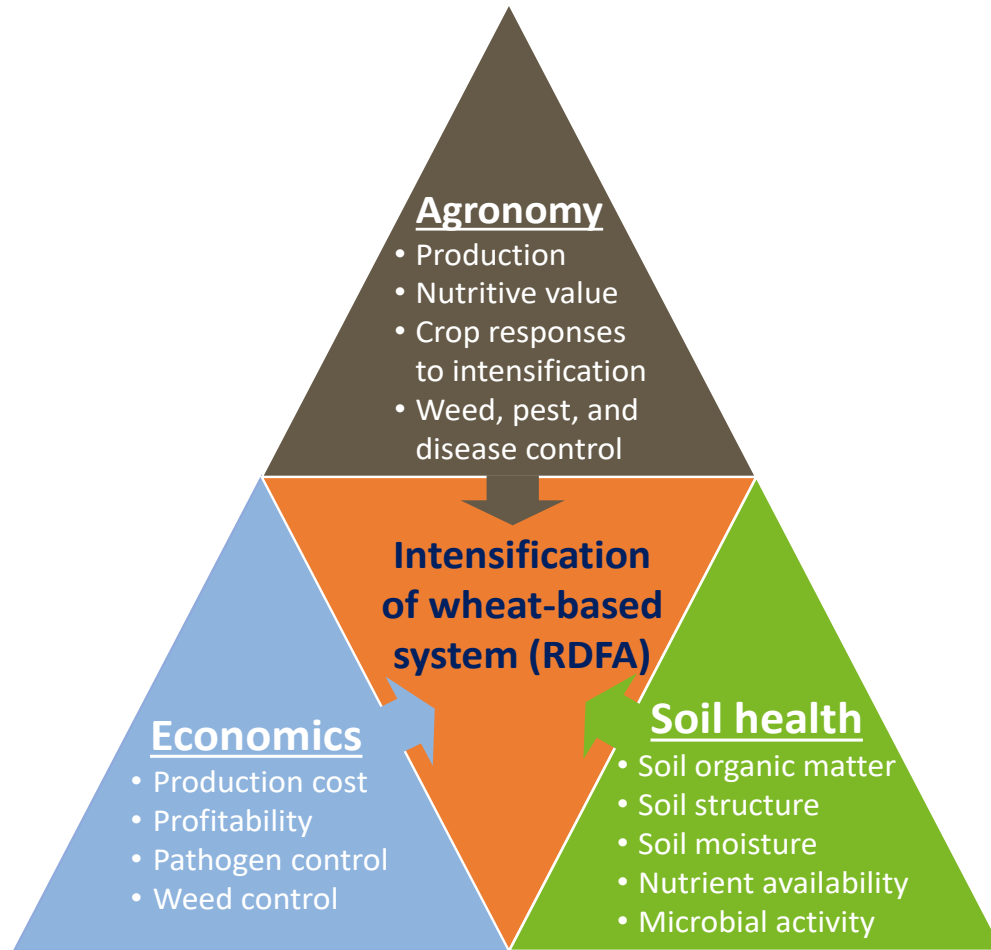

Francisco Calderón

OSU Columbia Basin Agricultural Research Center, Adams, OR

# Agronomic Zones for the Dryland Pacific Northwest

# Evaluation of Cover and Alternate Crops for Dryland Cropping: The Resilient Dryland Farming Appropriation

Singh et al. 2021

# Farmers do so much more than sequester carbon!

- Soil Health.
  - Soil Erosion.
  - Ecosystem services.
  - Opportunities to reduce agrochemical use, fuel consumption.
  - Greenhouse gas mitigation.
-
