

HOUSE BILL 3127 ADDITIONAL REQUESTS

This document is intended to accompany House Bill 3127, and catalogues important funding requests from fire-affected communities and partners. These items are not included in House Bill 3127 -4 because they are forward-facing in nature, helping increase preparation and resilience for future wildfires and other emergencies. Other legislative vehicles may be available to support these requests.

Estimated Cost	To Whom	Purpose
WATER INFRASTRUCTURE		
\$300,000	Clackamas County	Mt. Hood pump stations/installation of permanent generators
