HB 2456 -2 STAFF MEASURE SUMMARY

Updates ABLE account connection date to Internal Revenue Code, from December 31, 2017 to April 1, 2021. For purposes of low-income rental property tax exemption, modifies definition of low income to at or below 80 percent of area median income for persons occupying property for every subsequent consecutive year of occupancy. Measure takes effect on 91st day following adjournment sine die.

BACKGROUND:

Contents of measure match contents of Senate Bill 1531 A from the 2020 Regular Legislative Session. Senate Bill 1531 A passed out of the Senate Chamber and the House Committee on Revenue. At time of 2020 session adjournment, Senate Bill 1531 A had not received a vote in the House Chamber.

Measure makes relatively modest changes to multiple tax provisions including property tax exemptions, income tax credits, special use fuel license fee and vehicle privilege tax. Changes to the short line railroad rehabilitation tax credit are not expected to fundamentally alter credit qualifications for individual railroads but rather represent a statutory reconfiguration expected to produce similar credit outcomes for qualified short line railroads.

The City of Portland's Revenue Division uses Internal Revenue Service (IRS) Federal Taxpayer Information (FTI) to administer taxes for the City of Portland and Multnomah County. To receive continued access to FTI, City of Portland is required to comply with associated IRS requirements including comprehensive employee background checks. Measure allows City of Portland's tax collection agency to request federal background checks via the Oregon State Police for persons who are employed or seeking employment by the city or are providing services to the city.
