#### **ISSUES DISCUSSED:**

#### **EFFECT OF AMENDMENT:**

No amendment.

#### **BACKGROUND:**

The Greenlight Oregon Labor Rebate (GOLR) program is a rebate of up to 6.2% of payroll for businesses with at least \$1 million of production expenses in Oregon. The program was established in 2005 and is administered by the Oregon Film and Video Office. Businesses remit withholding taxes to the Oregon Department of Revenue (DOR) during production. The DOR then transfers eligible funds to the GOLR account. Under current law, the Film & Video Office may not issue any rebates on or after January 1, 2024.

Income tax credits are available to individuals or corporations that purchase tax credits at an auction conducted by the Department of Revenue (DOR). DOR administers the auctions in cooperation with the Oregon Film and Video Office. Proceeds of the tax credit auction go to the Oregon Production Investment Fund (OPIF). The maximum annual amount of credits that may be auctioned is \$14 million. Credit certificates are distributed in order of highest bid received as a percentage of credit value. A reserve bid price is announced prior to the auction and is required by statute to be at least 90% of the total amount of the tax credit. Under current law, a taxpayer is not eligible for an OPIF auctioned tax credit for tax years beginning on or after January 1, 2024.
