**Summary of Revenue Changes**

Senate Bill 222 is funded with \$1.5 million General Fund, which will be deposited into the Vision Health Account. Funds will be expended from the account using an equal amount of Other Funds expenditure limitation.

**Summary of Education Subcommittee Action**

Senate Bill 222 clarifies who may conduct vision screenings and appropriates \$1.5 million General Fund for deposit in the Vision Health Account. Funds in the account will be used to pay for staffing at the Oregon Department of Education (ODE) and to make reimbursements for vision screenings provided by community providers or other vision screening services. Currently, vision screenings are reimbursed through Education Providers instead of direct reimbursement through ODE. Additionally, the due diligence of cross-checking student identification numbers is transferred from school districts to ODE. ODE will be required to cross-check student identification numbers with data provided with ODE enrollment information. The bill provides funding for one Administrative Specialist 1 (0.50 FTE) to perform these duties. The bill also adds one Accounting Tech 3 (1.00 FTE) and one Accountant 2 (0.50 FTE) to establish non-profit and community entities as vendors and to make timely reimbursements.

In addition to the General Fund appropriation, Other Funds expenditure limitation of \$1.5 million is provided for the Department to make expenditures out of the Vision Health Account to reimburse providers through grants and to pay for the staffing and related costs.
