

## **SUBCOMMITTEE RECOMMENDATION**

### **SB 38**

#### **Relating to tall structure evaluation fee**

SB 38 Authorizes Oregon Department of Aviation to establish fee to cover tall structure evaluations.

The Department of Aviation is required to evaluate tall structures that have the potential to penetrate safety of flight airspace around airports to determine if these structures constitute hazards. ODA does not currently charge for this evaluation. SB 38 allows ODA to establish a fee for tall structure evaluation.

ODA anticipates establishing a fee of \$100 per application to recover costs of the evaluation.

The Transportation and Economic Development Subcommittee recommends SB 38 be reported out do pass.
