Summary of Expenditure Impact:

| | 2021-23 Biennium | 2023-25 Biennium |
|--|--------------------|------------------|
| Oregon Department of Agriculture - General Fund | \$2,000,000 | \$0 |
| Higher Education Coordinating Commission - General | 300,000 | 0 |
| Total Funds | \$2,300,000 | \$0 |
| Positions | 0 | 0 |
| FTE | 0.00 | 0.00 |

Analysis:

HB 2785 directs the Oregon Department of Agriculture (ODA) to establish a grant program by rule. The grant program is to fund construction and upgrades to establishments that will operate under the State Meat Inspection Program authorized by HB 4206 (2020 1st Special Session); and expansion of establishments that operate under the federal inspection program and will increase processing of meat from animals raised in Oregon.

The measure appropriates \$2.0 million General Fund to ODA for grant program funding. These funds are available as one-time funding in the 2021-23 biennium and the grant program sunsets on June 30, 2023 at the conclusion of the 2021-23 biennium. The measure also appropriates \$300,000 General Fund to the Higher Education Coordinating Commission to distribute to Oregon State University (OSU) to fund upgrades to the facilities and equipment at the Clark Meat Science Center, consistent with inspection requirements.

In terms of the grant program, the fiscal impact is indeterminate in that demand for the grants and the number of grants that may be issued is unknown. ODA notes that it is not clear from the text of this measure whether the funds provided for the grant program can also be used for costs of program administration. Administration costs are estimated to be three to five percent of the total grant amount, or approximately \$60,000 to \$100,000 over the course of the grant program, but would be variable based on demand, which will impact grant application review and approval and ultimately volume of distribution of available funds.
