HB 2010 directs the Oregon Health Authority, in collaboration with the Department of Consumer and Business Services, to develop an implementation plan for a public health plan. The public health plan would be made available to individuals and families in the individual health insurance market, and to small employers whose employees struggle with health care costs. DCBS and OHA are to report to the Legislative Assembly on this work no later than January 1, 2022.

OHA is also directed to develop recommendations for a regional global budget health care delivery model pilot. OHA is to report these recommendations to the interim committees of the Legislative Assembly related to health no later than July 1, 2022.

OHA anticipates costs of \$650,000 General Fund to implement this measure. There are minimal costs anticipated for DCBS.

The Human Services Subcommittee recommends HB 2010 be amended by the –A5 amendment and be reported out do pass, as amended.
