

SB 424

From the Desk of
Senator
James Ivory Manning Jr.

SB 424 is a simple bill to clarify what is allowed to be included in wage comparables for the Assistant Attorney General's when it comes to the bargaining process. Current practice focuses on wages for comparable positions in the 4 closest states while often leaving out comparables from positions inside of Oregon. This bill allows the usage of comparables from in-state jobs when looking at comparable wages. This hopefully will provide a more accurate representation of comparable wages.

Oregon AFSCME supports this bill and ask you for your support.
