### OPEN GOVERNMENT IMPACT

Legislative Counsel has not adopted standards for drafting measures that establish exemptions from disclosure of public records.

This measure exempts from public disclosure customer commercial and financial information, certain protected internal or interagency memoranda and letters, and reports and information related to banking operations performed by or on behalf of state or federal banking regulatory or supervisory entities.

If those public records that could be subject to public disclosure were instead subject to mandatory disclosure under public records law, the public could receive additional information regarding customer commercial and financial information and bank operations.
