SUMMARY

Establishes COFA Dental Program in Oregon Health Authority to provide dental care to low-income citizens of Pacific Islands in Compact of Free Association who reside in Oregon, qualify for medical assistance through Oregon Supplemental Income Program and lack access to affordable dental coverage. Specifies eligibility requirements for program and duties of authority in administering program.

OPEN GOVERNMENT IMPACT

Legislative Counsel has not adopted standards for drafting measures that establish exemptions from disclosure of public records.

This measure exempts from public disclosure personally identifiable information of applicants for and enrollees in the COFA Dental Program.

If those public records that could be subject to public disclosure were instead subject to mandatory disclosure under public records law, the public could receive information regarding applicants for and enrollees in the COFA Dental Program.
